EXPERIENCE

Freelance Designer 2011-present

Working as a designer for a variety of clients including: Bloom Stationers, Henri Bendel, Martha Stewart Living Omnimedia, Yankee Candle, The Children's Place and Land of Nod. I worked on a variety of jobs and projects for these clients: designed new products, provided technical designs and specifications, created illustrations, designed greeting cards and textile prints.

Co-Owner, Designer 2005-2010

WINTER WATER FACTORY

Winter Water Factory designs and produces original textile prints, which we have used to create a line of women's clothing, children's clothing, and home accessories, as well as selling the fabrics itself. My company has given me extensive experience in all facets of designing and producing printed textiles and apparel. I've worked closely with vendors and suppliers to manage the production of each collection and to design and develop new items. I've also been deeply involved in marketing the brand at trade shows and developing relationships with a wide range of retailers from Bergdorf's to Garnet Hill.

Senior Designer 2002-2007

MARTHA STEWART LIVING OMNIMEDIA

Designed products for Martha Stewart Holiday and Everyday assortments at Kmart, principally wrapping paper and textiles (stockings, ribbon, tree skirts, garden gloves, dish towels). Created icons, palettes, and inspiration to present to buyers for each collection. Managed a team of designers in developing designs from concepts to drawings to finished products, and traveled overseas regularly to work directly with factories and buyers.
